

## Derbyshire Constabulary

Dear Parent,

On Friday the 14th of June 2024 a high visibility police operation will be taking place in Holmebrook Valley Park, Somersall Park, and Queens Park. The aim of this operation is to prevent anti-social behaviour that may occur while the celebrations for the end of GCSE's are taking place. If any young person is found to be in possession of any alcohol this will be seized by the police, parents will be informed and asked by the police to come and collect the young person. There will be a Zero tolerance of any anti-social behaviour, violence, or abuse.

Should any disorder occur, the police will apply for dispersal order to cover Holmebrook Valley Park, Somersall Park, and Queens Park, this will give the police a power to ask people to leave the area should they be causing anti-social behaviour or if officers feel that there is a likelihood anti-social behaviour will be caused. If a person is issued with a dispersal order and they fail to comply, this can result in that person being arrested.
