December 2021

Dear Parent/Carer

Work Experience Placements

As you are aware, our current year 10 students will have the opportunity to take part in a work experience placement, Monday 4 July – Friday 15 July 2022, providing the Covid situation does not escalate.

Unfortunately, due to the current Covid situation, many of our regular placement providers are reluctant to confirm there will be a place for our students at this time. With this in mind I was wondering if any parents could ask at their place of work if a work placement would be available for either their own child or for another student in the year group. If one is offered, please could you get in touch with me at school with the company name, address and contact name so the correct procedure can be followed with securing the placement.

We are also encouraging our students to try to source their own placement and ask for your support with this.

If the combination of factors referred to above lead to a situation in which we are unable to secure sufficient work experience placements for all of our students, then we will explore other options.

If you have any questions or queries, please do not hesitate to get in touch with me at school.

Yours sincerely

K O'Sullivan
