

COMMUNITY SCHOOL PARENT INFORMATION EVENING

Mr Andy Kelly Headteacher

- Stockport, Greater Manchester
- Sheffield
- 13 years of senior and executive leadership
- Headteacher Yewlands Academy
- System Leader for Brigantia Learning Trust (Headteacher support WPT)
- Strategic Trust Lead for Performance and Standards at Nova Education Trust

The Senior Leadership Team

Mr Kelly (Headteacher)

Mrs Asher (Deputy Headteacher)

Mr Mills (Deputy Headteacher)

Mr Chipp

Mr Hoben

Mrs Machent

Mrs Welsh

Mrs Lowe

Aims of the evening

- To introduce myself to parents/carers
- To share my educational beliefs and principles
- To share my expectations and vision for the school
- To share elements of the Parkside offer available for you and your child
- To share how parents/carers can support their child at Parkside Community School

Parkside outcomes success!

2. Parkside Community School, Boythorpe

Parkside Community School at Boythorpe Avenue has a score of 0.49 over the national avaerage. It has been classed as 'above average' on the Government website. Photo: Google

My educational beliefs

Schools have the power to transform lives and <u>must</u>:

My educational beliefs Schools have the power to transform lives and <u>must</u>:

Be truly inclusive and focus on the wellbeing and progress of every child to unlock potential.

Remove all barriers to social mobility so no doors are closed. Enable students to make the most of their talents and live life in all its fullness.

Enable young people to be aspirational and give them the tools to surpass their personal and academic targets.

And most importantly...

The school's offer must be good enough Benji and Evie.

Excellence is the standard.

The vision Where we are going

Parkside Community School continues to be a safe, successful, and happy school where going the extra mile is the norm. Through strong and positive relationships, Parkside:

Is at the heart of our community; we are proud to serve our young people and their families.

Delivers excellence in learning and supports all our young people to make exceptional progress academically regardless of the challenges they may face.

Provides unrivalled levels of care to develop our young peoples' social, emotional and physical wellbeing.

Offers unique opportunities to develop individual character and increase cultural capital. Our young people are able to make a positive contribution to society.

Harnesses the potential of all our young people and staff so they can collaborate, compete and thrive locally, nationally and globally.

Is relentless in its desire to improve further; only the best is good enough for our young people, their families and our staff.

School ethos

CARING

CHOICES

FUTURE

Our Trust

BARK Federation Love Learning, Love Life

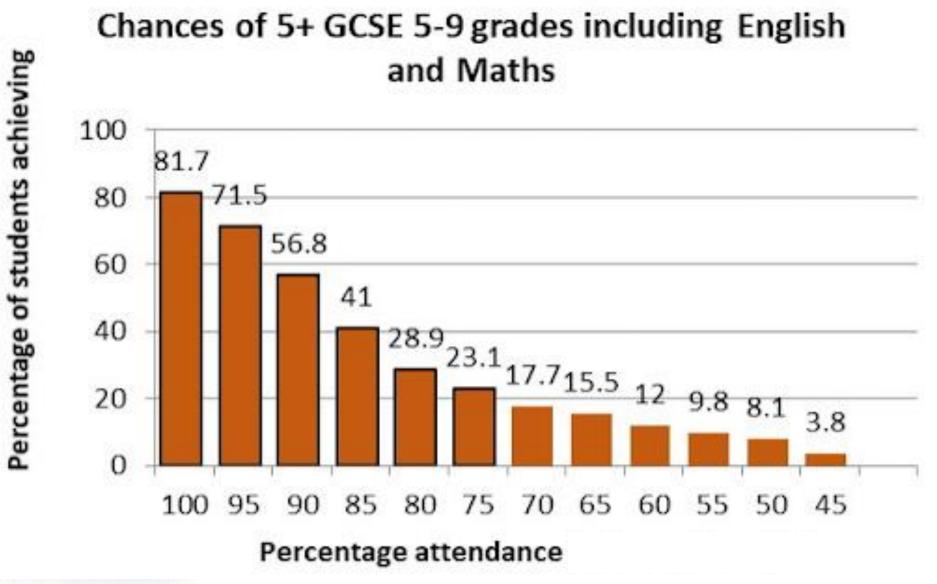

Standards and expectations

Excellent schools need high expectations and clear boundaries for students to be successful.

Parents/carers can play a vital role in ensuring their child achieves at Parkside; we are on the same side - <u>we need your support!</u>

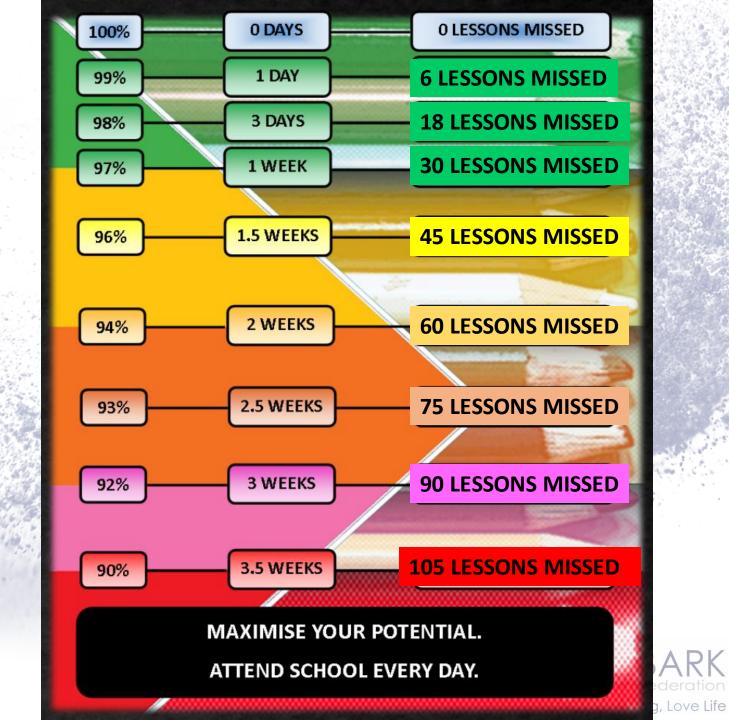

- Poor behaviour (including bullying) is not accepted and is dealt with swiftly, effectively and fairly
- Student appearance uniform, shoes, jewellery, hair and nails
- Consequences unapologetic in wanting the very best for your child
- Attendance and punctuality (every day, on time)
- Parent/carer questionnaire

Catch them getting it right

- Culture of celebrating success
- Rewarding students who do something well
- We have brilliant students who 'get it right' everyday

Y11

- Year 11 mock exams next week
- There are 22 school weeks until the summer GCSE exams start
- Your child's teachers are highly trained subject experts (2023 results = 2nd best in Derbyshire!). For exam success students must work with them:
- Listen to them and follow their instructions
- Trust them and act on their advice
- Work hard for them and they will help you improve
- Attend all of their lessons and any after school opportunities

Our curriculum vision

Our vision is for young people:

- Who have the essential knowledge they need to be educated citizens.

 Who continue to develop the values, knowledge, competencies and attributes that will enable them to enjoy learning, achieve personal excellence, relate well to others and lead safe, full, healthy and satisfying lives.

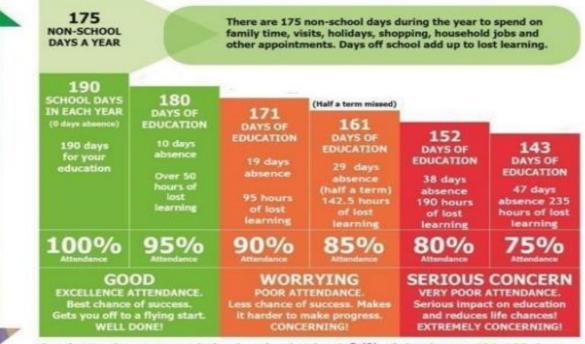

How can I support my child to achieve excellence? EVERY SCHOOL DAY COUNTS Term 2 Deadlines:

Don't miss out on the education you deserve.

YEAR

A CALENDAR

365 D

Good attendance means being in school at least 94% of the time or 180-190 days. Did you know? A two week holiday in term time means that the highest attendance you can achieve is 94.5%.

Ofsted Good Provider

CHEMISTRY C3 Structure & Bonding

Nanoparticles

& their application 📓

How to compare 'nano' dimensions to typical dimensions of atoms and molecules

Some uses and benefits of nano particles: Some possible risks associated with the uses of nanoparticulate materials

Fullerenes & Graphene

About the structure of the fullerenes and graphene; Recognise fullerenes and graphene from diagrams; Some used of fullerenes

Structure of simple molecules

The limitations of using models such as dot and cross, ball and stick, 2D diagrams, and 3D diagrams to represent molecules or giant structures; Why substances made of simple molecules have low melting points and boiling points; Why these substances do not conduct electricity

38 Giant ionic structures

Why ionic compounds have high melting points; Why ionic compounds conduct electricity when molten or dissolved in water

Atoms into ions

What a chemical compound is; How elements form compounds; How atoms can from either positive or negative ions; How the elements in group 1 bond with elements in group 7

Bonding in metals

How the atoms in metals are arranges; How the atoms in metals are bonded to each other Why metals can be bent and shaped without breaking; Why alloys are harder than pure metals; Why metals conduct electricity and thermal energy

Giant covalent structures

The general properties of substances with giant covalent structures; Why diamond is hard and graphite is slippery; Why graphite can conduct electricity and thermal energy.

Covalent bonding

How covalent bonds are formed; How covalent bonds can be represented; What types of substances contain covalent bonds

Ionic bonding

How ionic compounds are held together, Which elements, as well as those in groups 1 and 7 form ions; How the charges on ions are related to group numbers in the periodic table

States of X^I matter

That the melting and boiling points of a substance depend upon the nature of its particles and the forces between particles; How to recognise that atoms themselves do not have the bulk properties of materials; How to predict the states of substances at different temperatures, given appropriate data; The limitations of the particle theory

....

How can I support my child to study for their GCSEs?

Getting enough sleep – between 8-10 hours each night

Eating the right food – try to ensure they have a healthy breakfast before leaving the house

Drinking enough water – not drinking enough water reduces productivity, both mentally and physically, and symptoms can include tiredness, confusion, reduced energy levels and the temptation to snack when not actually hungry. Please encourage your child to bring a water bottle to school.

Create a calm space to revise/complete homework – things to consider are noise levels, lighting, ability to store their work tidily, not being disturbed by other family members.

Establish a routine – routine is important, especially for homelife in general. Try to set breakfast, dinner, family time , family activities at similar times to create stability and familiarity

How can I support my child to study for their GCSEs?

Revision

Sit with your child and help them plan a revision timetable, months ahead of the exam time – not just weeks before!

Smaller, regular revision sessions are much more productive than cramming.

Short breaks

When creating a revision timetable, ensure they have a break of 5-10 mins for every 30-60 minute study session.

Long breaks

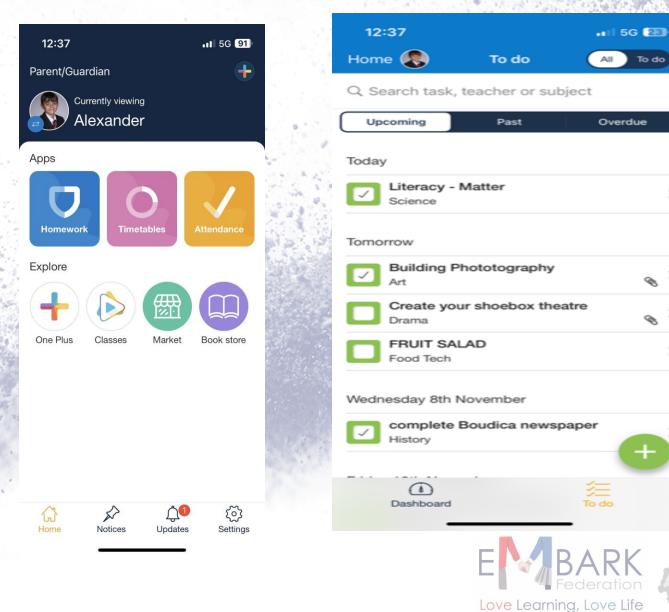

It's important for them to take time out and do things they enjoy – e.g. watching a film, playing sports, spending time with family and friends. This will give them a chance to switch off and be productive and happy in the long-term. Try to ensure breaks include a variety of different activities – not just staying in their room and watching a Netflix series!

How can I support my child?

Targeted Intervention

- Compulsory targeted intervention will start after Christmas
- Further details will follow ready for Term 3

What do we do to support reading Parkside?

- Reading is an essential life skill.
- We place great value and importance upon reading.

What do we do to support reading at Parkside?

Reading 20 minutes a day exposes pupils to a vast quantity of words – 1.8 million in each school year! This exposure makes children more likely to score in the 90th percentile on standardised tests.

If you compare this to children who read just 5 minutes per day – and therefore more likely to score in the 50th percentile – its easy to see how reading time translates to academic success.

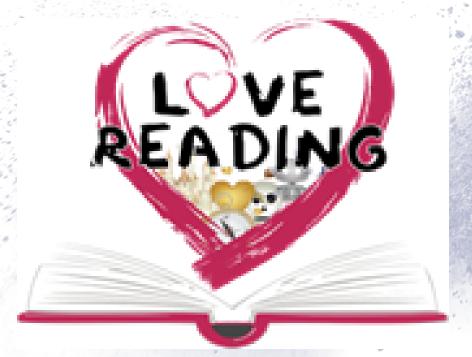

What do we do to support reading at Parkside?

There are also links between reading and getting a better night's sleep, having lower blood pressure and being less likely to develop Alzheimer's in old age.

Year 9, Year 10 and Year 11 Drop Everything and Read

20 minutes reading time during mentor time3x a week.Each pupil has borrowed a book from ourlibrary.Benefits of reading have been shared withour pupils.

What can I do at home to help my child to read?

One of the greatest gifts adults can give – to their offspring and to their society – is to read to children.

CARL SAGAN

If they don't want to read, try to find out why – try to link their reading as something they can do to further their hobbies; e.g. how to manuals, or biographies of people in the world of sport, fashion, film and other popular culture can be seen as more attractive reading by teens.

Reading strategies at home

Look for books based on movies or computer games

Don't be fussy about what they read. Reading is a habit and as long as they're in the habit of picking up something to read, it doesn't really matter what they are reading.

Y11 Destination Advice and Guidance

Careers Staff

Mr Matthew Gould Head of PE and Careers

Taylor Hogan Careers Advisor

Stuart Rooker Careers Advisor

How can we work to support your child?

All students have already met with careers advisors and will meet with them again to support the conversations about destinations.

Students will have a copy of the dates, as will their mentors. It is crucial that we are all actively discussing their options for their next steps to support their choices.

Please take note of the closing deadlines for applications, places at Sixth Forms and Colleges are competitive.

Careers Information and Guidance

CURRICULUM

Careers Information and Guidance

Curriculum Information

The Duke of Edinburgh's Award

Welcome to Careers at Parkside

Careers education, information, advice and guidance (CEIAG) is an essential part of the support we offer to students at Parkside Community School. Effective careers support can help to prepare young people for the opportunities, responsibilities and experiences of life; it can help them to make decisions and manage transitions as learners and workers. As options for young people become more varied and complex, it is vital that we support them to develop the knowledge and skills they need to make informed choices for their future. As a result, the careers programme has a whole-school remit designed to complement the rest of the school curriculum.
