LAS/Exams

February 2025

Dear Parents/Carers

We are really looking forward to an exciting term as we move ever closer to the summer exam period.

This term we launch our additional intervention sessions, both within the school day and after school. Your child has been issued today with a new timetable which details if they are required to stay for an intervention session after school. Please discuss the importance of attending these sessions as students have been invited to the sessions based upon mock exam results and feedback from their teachers. The sessions will be invaluable in supporting your child to succeed over the next few months.

On Wednesday, we are delighted to be working with an organisation called 'Maximise Your Potential'. Y11 students will be off timetable, working in the hall, where the focus will be on revision and how to revise and prepare effectively for the exams. The session will build upon the work which students have undertaken during their Personal Development lessons, and provide practical examples and materials for revising at home.

Maximise Your Potential is also running a parent session on Wednesday at 6pm. Hopefully you will have received our communication regarding the event and we encourage you to attend this at Parkside. The session will update you with the same information the students have received on how to revise effectively, and also support parents/carers by looking at ways to maintain your child's motivation during this challenging period. Information on how to reduce stress and anxiety will be provided. Please do join us for what will be an informative session. If you are able to attend the parental session, please click [here](#).

We look forward to seeing you all on Wednesday.

Yours faithfully

Mrs Asher  
Deputy Headteacher – Curriculum
